

OCEANGRO® FERTILIZER 5-5-0

GUARANTEED ANALYSIS

Total Nitrogen (N)	5.0%
0.1% Ammoniacal Nitrogen	
0% Nitrate Nitrogen	
0% Urea Nitrogen	
0.4% other water soluble nitrogen	
4.5% water Insoluble nitrogen	
Available Phosphate (P ₂ O ₅)	5.0%
Calcium (Ca)	2.5%
Total Iron (Fe)	2.5%
Nutrients derived from biosolids	

*This product contains 4.50% slow release nitrogen

DIRECTIONS:

Please read and follow label instructions before applying.
As with all fertilizer products, keep out of reach of children and pets.
Store in a cool dry place.

- Do not apply near water, storm drains or drainage ditches.
- Do not apply if heavy rain is expected.
- Do not apply to flooded or frozen land.
- Clean up any product which lands on any impervious surface (driveway, sidewalk, street, etc.)
- Apply cleaned up product to fertilized area.

This product meets the U.S. EPA's "Exceptional Quality" standards. For other uses not listed on this label please contact your distributor for additional information.

LIMITED WARRANTY/DISCLAIMER

The Ocean County Utilities Authority warrants that **OCEANGRO®** heavy metals concentrations are in compliance with environmental and public health criteria as adopted by the New Jersey Department of Environmental Protection in the New Jersey Statewide Sludge Management Plan. There are no warranties, expressed or implied, which extend beyond the description contained in this handout and The Ocean County Utilities Authority makes no warranty of merchantability or the fitness of **OCEANGRO®** for any purpose. Accordingly, and with limitation, there is no warranty, expressed or implied, as to quality or productivity of any fertilizer and The Ocean County Utilities Authority is not in any way responsible for crops, gardens, other vegetative, animal, or human growth allegedly damaged, injured, or destroyed, directly or indirectly, from the use of **OCEANGRO®**.

OCEANGRO

FERTILIZER

OCEANGRO®

OCEANGRO® is an excellent fertilizer for cool and warm season lawns, trees, shrubs, and flowers. OCEANGRO® is a nutrient rich fertilizer which is non-burning, with a balanced pH. OCEANGRO® provides a valuable source of nutrients that are essential to plant growth and also provides organic matter, which enhances soil structure and quality.

APPLICATION PROGRAM

ESTABLISHED LAWNS

Apply at a rate of 15 lbs. per 1,000 sq. ft. per established lawn application schedule.

NEW LAWNS

Apply to soil at the rate of 30 lbs. per 1,000 sq. ft. before seeding and rake in. Cover entire area from one direction (north-south), then cover again from opposite direction. Refertilize per established lawn application schedule at the rate of 15 lbs. per 1,000 sq. ft.

NEW SOD

Apply at a rate of 30 lbs. per 1,000 sq. ft. Spread 15 lbs. per 1,000 sq. ft. over soil and 15 lbs. per 1,000 sq. ft. over sod. Refertilize per established lawn application schedule at the rate of 15 lbs. per 1,000 sq. ft.

TREES

Apply in the spring at the rate of 5 lbs. per inch of trunk diameter measured 4 ft. from the ground. Apply evenly under drip line or outer circumference of tree.

SHRUBS

At transplanting, mix approximately 1 cup OCEANGRO® with soil and place around root ball. In spring, work 1-2 cups into soil around base. Repeat early mid-summer.

ANNUALS

Apply 3 lbs. per 100 sq. ft. at planting and work in. Reapply 2 lbs. per 100 sq. ft. every 12 weeks through August.

PERENNIALS

Apply 3 lbs. per 100 sq. ft. at planting and work in. Reapply 2 lbs. per 100 sq. ft. every 12 weeks through August.

ESTABLISHED LAWN APPLICATION SCHEDULE

NORTHERN CLIMATE

Late May
Early July
Early September
Late October

SOUTHERN CLIMATE

Late March
Late May
Early September
Late October

Because of its slow release nature, it is not necessary to apply OCEANGRO® during summer months. If summer application is desired, however, OCEANGRO® is an ideal warm weather fertilizer when applied at the rate of 10 lbs. per 1,000 sq. ft.

ESTABLISHED LAWN SPREADER SETTINGS

ROTARY SPREADERS	SETTING	LBS PER 3000 SQ FEET
