All materials delivered under this contract shall be to the satisfaction of the Authority, who reserves the right to confirm the amount, quality, acceptability and fitness of the materials which are to be paid for hereunder and shall decide any questions which may arise as to the fulfillment of this contract. The determination of the Authority in these matters shall be final and conclusive.

If any shipment or part thereof fails to meet the quality specified in this contract, the Authority reserves the right to reject that material. The rejected material shall be immediately removed by the bidder, at his own expense. The bidder shall then replace the rejected material with material as specified.

### Quantity

The quantities listed on the attached bid form are provisional, for the bidder's information only, based upon The Authority's best knowledge. No warranty is given or implied as to the item or the total quantity that will be purchased.

### Delivery

Delivery destinations are as listed under the specifications and a map is included. All delivery schedules must be approved by the Authority to conform to its needs at these facilities. Maximum delivery time shall not exceed one (1) working week from the time of notification until delivery to the Authority.

### Preference for Domestic Products

Only manufactured products of the United States, wherever available, shall be used in connection with this contract, pursuant to 40A:11-18 of the Revised Statutes of the State of New Jersey.

In the case of Delta Chemical Corporation vs. The Ocean County Utilities Authority, 231, N.J. Super. 180 (Law. Div. 1988), the Superior Court of New Jersey held that N.J.S.A. 40A:11-18 are constitutional, but that an absolute preference for domestic materials was not mandated. In some circumstances the public agency has discretion to buy a foreign product even if an American product is available. A subsequent

decision by the Court recognized the right of the public body to adopt appropriate guidelines. The Commissioners of The Ocean County Utilities Authority have determined by Resolution that the statutory preference for domestic materials will be followed only if the bid price for domestic materials does not exceed by 2 per centum the bid price of the lowest responsive, responsible bidder, regardless of place of origin of the materials supplied by the low bidder.

#### Contract Year - Prices Firm

The contract period will be for one year, beginning with the date the contract is awarded by the Authority. Prices bid shall remain firm for the duration of the contract.

The Authority will award a single contract to the bidder submitting the lowest price for ALL items listed in the Bid Form. It is therefore imperative that a bid price be supplied for each item.

No bid will be accepted which does not contain a price for every item contained in the bid form.

In the event that there is a discrepancy between the unit prices and the extended totals, the unit prices shall prevail. In the event there is an error of the summation of the extended totals, the bidder authorizes the Authority to correct the extended totals and the computation made by the Authority shall govern.

In the event there is an equal or tie bid the Authority reserves the right to award at their discretion to any of the tie bidders.

The award of this contract is subject to the 10 day review period provided by S763, N.J.S.A. 40:14B-14.

**This contract will be effective as of the date set forth on Page 1 of the contract agreement.**
