

NOTICE

**Ocean County Utilities Authority
Contract No. ND1908 NWPCF Belt Filter Press No. 3
Brick Township, Ocean County, New Jersey
N.J.I.B. Project No. S340372-67**

In accordance with procedures established to evaluate projects which have applied for assistance under the New Jersey Wastewater Treatment Financing Program, a Level 1 environmental review has been conducted on the proposed project which will involve the construction of a third belt filter press (BFP) at the Northern Water Pollution Control Facility (NWPCF) along with its necessary operational appurtenances. These appurtenances for the third BFP include the addition of a fourth sludge feed pump with new piping, a dewatered cake pump, dewatered sludge cake piping for discharge, modifications for the existing polymer feed system, a new HVAC system associated with the third BFP, and structural, electrical, and SCADA software integration.

The New Jersey Department of Environmental Protection has made a preliminary decision to assist this project under financing program. The Ocean County Utilities Authority will finance 100 percent of the project costs.

Proposed Project Cost: \$4,500,000

Proposed Loan \$4,500,000

Upon written request, the planning documents and the Department's Environmental Decision Document will be available for public review at:
